## **LSEC - Leader Skills Enhancement Course (College Daytime Courses)**

LSEC is designed to assist in the training of Noncommissioned Officers and soldiers demonstrating leadership potential in the advanced skills needed to perform at a higher-level leadership and staff positions. LSEC benefits the Army by providing the soldier specific leadership training which will enhance soldier and unit performance. Unit Commanders can schedule training to meet unit needs or enroll the soldier in an open scheduled class.

LSEC is an on-duty program and attendance in all classes is mandatory. Students not attending all classes risk the possibility of failing the course for non-attendance.

LSEC program is open to the "Total Army Family"; Active Duty military, Reserve and National Guard, Retirees, military Family Members, and DOD civilians and their Family Members.

LSEC class schedules have seven cycles per year, each cycle is six weeks in length. Traditional type classes meet Monday to Friday for 1 ½ hour each class. Class with assignments completed on line or in the classroom.

Tuition and books are provided at no cost to the student.

Students are able to complete an Associate degree and transfer credits to major universities.

## **College Programs (Evening, Lunch and/or Weekend)**

College Program classes consist of both traditional and hybrid classes and are open to civilian and military students. College program classes have five cycles per year, each cycle is eight weeks in length. Courses are offered at various times Monday through Friday.

Traditional type of classes meets twice a week for three hours each class period with assignments completed online or in the classroom. Hybrid type of classes meet for three

hours each week in class and another three hours completed online, in addition to other course assignments.

For the evening and weekend classes, books may be provided. Students are encouraged to contact the Fort Riley Barton office at 785-784-6606 for details.

Cost for college courses are \$104 per credit hour, TA eligible. There is a \$15 technology fee for hybrid courses. Prices subject to change.
